Early Years Pupil Premium Policy

What we believe in

Part of the Mission Statement of our Pre-School is that:

"We aim to encourage each child to reach their full potential and to meet their individual needs, equipping them to learn and develop through play."

The Aims of our Pre-School state:

"*That we will accept that parents are a child's first educators, therefore, we aim to develop an effective partnership with parents and to build on what children already know and can do.

*To include children from all cultures, religions, language and backgrounds and to include children with Specific Needs.

*We accept that children develop rapidly and at their own rate in the early years; physically, emotionally and socially and aim to provide a curriculum that will encourage and enhance their development.

*To provide well planned activities with appropriate intervention from adults to engage children in the learning process and help them progress in their learning, to create a firm basis for child's learning by providing a rich and stimulating environment which will help them explore, experiment, plan and make decisions for themselves, thus enabling them to learn, develop and make good progress."

Provision

The Early Years Pupil Premium will be used to:

- Reduce adult/child ratios improving the effectiveness of teaching and to give staff necessary time to meet with Parents to discuss their child's progress.

- Provide additional training for staff where it is seen that it will enhance the learning opportunities for a child.
- Regularly ensure that activities provided are stimulating and purchase additional equipment where necessary.

Reporting

It will be the responsibility of the Pre-School Manager to review pupil premium and its effectiveness annually to ascertain how circumstances have changed for disadvantaged pupils in receipt of Pupil Premium.
